Personal Strength Inventory

Recognizing and leveraging your personal strengths can be empowering. This worksheet guides you in identifying your unique strengths and talents. By focusing on your positive attributes, you can boost your self-esteem and build a foundation for overcoming challenges associated with loving yourself.

Setting Healthy Boundaries

Establishing healthy boundaries is essential for maintaining mental health. This worksheet helps you identify areas where you need to set or reinforce boundaries and provides strategies for doing so effectively. Healthy boundaries can reduce stress, improve your relationships, and enhance your overall well-being.

Self-Care Inventory

Self-care is any technique that enhances your well-being and replenishes your mind and body. For example, practicing daily gratitude, laughing with a loved one, and taking daily walks can boost your mood and improve overall well-being. A self-care routine is not one-size-fits-all but requires experimenting with different strategies to understand what works best for you.

This worksheet is designed to help you explore a variety of specific self-care activities that can improve your well-being. You will be asked to rank each activity on a scale from 1-3 to determine how well you are currently engaging in these practices. After ranking, you can “star” the activities you would like to do more often. The goal of this worksheet is to help you recognize the different types of self-care available to you, identify what you are doing well, and pinpoint areas where you can improve to feel better overall.

Answer the following questions to reflect on your emotional experiences.

Which emotions do you experience most often and why?

How do your emotions affect your behavior and interactions with others?

What can you do to better manage your emotions in the future?

Personal Strengths Inventory

Self-criticism can significantly impact your mental health and overall well-being. Negative internal dialogues can undermine your self-esteem, making you feel inadequate and increasing your stress and anxiety. If you constantly talk to yourself in a negative manner, you can create a cycle of negativity, where you become overly focused on your perceived flaws and failures, which can prevent personal growth.

Creating a personal strengths inventory can be a powerful tool to combat self-criticism and negative self-talk. By identifying and acknowledging your inherent strengths, you can shift your focus from your perceived weaknesses to your positive attributes. Recognizing and celebrating your strengths can boost your self-confidence, reduce the impact of negative self-talk, and promote a healthier, more resilient mindset.

Inside the circle, write everything that makes you feel relaxed and safe. On the outside of the circle, write down anything or anyone that makes you feel stressed, uncomfortable, or unsafe. These are people or situations that are pushing your boundaries and need further attention.

When filling out your inner and outer circle, here are some questions to consider:

- What is currently causing me stress or unease?
- What am I excited about each day?

- Who or what helps me feel safe, supported, and valued?

Keep Your Tone Calm and Respectful:

Speak calmly and assertively, avoiding raised voices or aggressive tones to maintain a respectful atmosphere.

Practice Active Listening:

Listen to the other person's response without interrupting and acknowledge their perspective while staying firm on your boundary.

Physical Boundaries

PART 3: Develop Strategies for Maintaining Boundaries (Example Page)

Use the following prompts to create a plan for reinforcing your boundaries consistently and effectively.

Situation:

Example: My sister, who lives nearby, frequently drops by unannounced. Her unexpected visits often disrupt my personal time and the quiet environment I need to relax and recharge after a long day of parenting. Last week, she came over right when I was about to start a long-awaited self-care routine, and it completely threw off my evening.

Boundary I will set:

I will have a conversation with my sister to let her know that I need my home to be a space where I can relax and unwind without unexpected interruptions. I will ask her to call or text me before coming over to ensure it's a good time. I will emphasize that I still want to spend time with her but need to plan our visits in advance.

Any potential challenges:

My sister might feel hurt or think that she is not welcome anymore. She may perceive my request as a sign that I don't enjoy her company or that our relationship is less important to me. Additionally, she might not understand why this change is necessary if she feels that her visits haven't been a problem in the past.

How I will handle these challenges:

During our conversation, I will explain to my sister that her visits are important to me and that I value our time together. I will let her know that my request for advance notice allows me to take care of my mental health and personal needs. I will suggest specific times that work better for me. For example, I could say, "I really enjoy our time together and want to make sure I am fully present when we hang out. Could you call or text me before coming over to make sure it's a good time? I usually have more free time on Saturdays or after 6 PM on weekdays."
