

Healthy New Year Resolutions Workbook

Making healthy New Year's resolutions is an empowering step toward creating lasting positive changes in your life. This collection of worksheets is designed to **help you set meaningful goals, identify emotions, practice gratitude, and prioritize self-care**. By working through these worksheets, you'll be better equipped to develop habits that support both your physical and emotional well-being, ensuring your resolutions are achievable and sustainable.

Here is a brief introduction to each worksheet included in this collection:

Setting SMART Goals

This structured goal-setting method helps you create clear, actionable objectives, making it easier to achieve your healthy New Year's resolutions. By breaking down larger tasks into manageable steps, SMART Goals reduce overwhelm, boost motivation, enhance focus, and provide a sense of accomplishment as you progress.

Identifying Emotions

This worksheet helps you recognize and express your emotions more effectively, a crucial step in setting meaningful New Year's resolutions. By understanding your emotional state, you can identify patterns that may impact your goals, enabling you to set resolutions that align with your emotional well-being. Regularly tracking your feelings and reflecting on your emotional experiences can guide you toward healthier habits and resolutions that promote long-term success.

Practicing Gratitude

Gratitude goes beyond being a simple positive emotion—it's a transformative tool for improving mental health and reshaping your outlook on life. Regularly practicing gratitude can shift your focus to the good in your life, build resilience, and strengthen your relationships. This worksheet is designed to help you actively recognize and appreciate the positive aspects of your daily experiences, supporting your efforts to make lasting, healthy New Year's resolutions.

Self-Care Inventory

This worksheet helps you assess how well you're taking care of your physical, emotional, and mental needs. By identifying areas for improvement, you can create New Year's resolutions that prioritize your well-being and lead to lasting, healthy habits.

DBT PLEASE Skill

The PLEASE skill in Dialectical Behavior Therapy (DBT) is a helpful tool for maintaining your mental and physical well-being. This worksheet will guide you in applying the PLEASE skill to manage intense emotions, making it easier to stick to your healthy New Year's resolutions.

Setting SMART Goals

SMART Goals is a structured goal-setting method that helps individuals create clear, actionable objectives. **SMART Goals helps you break down larger tasks into manageable steps, making them less overwhelming.** This structured approach can also enhance motivation, improve focus, and provide a sense of accomplishment.

S

Specific

What is your goal? Write down exactly what you want to achieve. Be clear and detailed about what you expect to accomplish.

Example: "I will go for a 10-minute walk in my neighborhood every morning."

M

Measurable

How will you measure your progress? Determine how you will track your progress and know when you have achieved your goal.

Example: "I will track my daily walks in a journal and aim to complete at least 5 walks per week."

A

Achievable

Is your goal realistic? What steps can you take to make your goal achievable? Break down your goal into smaller, manageable tasks.

Example: "I will start with a 10-minute walk and gradually increase the duration by 5 minutes each week, aiming for a 30-minute walk by the end of the month."

R

Relevant

Does this goal align with your broader objectives? Ensure that your goal is relevant and meaningful to your overall life or career goals. Reflect on the value and impact of achieving this goal.

Example: "I will focus on walking because physical activity has been shown to improve mood and reduce symptoms of depression."

T

Time-Bound

What is your deadline for achieving this goal? Set a specific date by which you plan to achieve your goal. Identify immediate actions you can take to begin your progress.

Example: "I will achieve my goal of walking 30 minutes every day by the end of the next 4 weeks."

Setting SMART Goals

Use the following to set your own SMART Goals as part of your healthy New Year's resolutions.

S**Specific**

PART 3: Monthly Summary

At the end of each month, summarize your gratitude practice.

What patterns do you notice in the things you are grateful for?

The highlights included reconnecting with an old friend over coffee and experiencing a beautiful day at the beach with my family.

How has your perspective changed since you started practicing gratitude?

I've begun to notice the small, often overlooked joys in my daily life, such as the sound of rain on my window or the smell of freshly baked bread from the local bakery.

What new gratitude practices would you like to try next month?

I would like to start a gratitude jar where I can add notes about what I'm thankful for each day and review them at the end of the month.

What challenges did you face in practicing gratitude, and how did you overcome them?

I found it difficult to focus on positive aspects during stressful times, but setting a specific time each day to reflect helped me stay consistent.

Which gratitudes can you turn into a daily affirmation?

I am grateful for the abundance in my life.

I appreciate the love and support I receive from others.

I am thankful for the opportunities to grow and learn each day.

I am grateful for the beauty of nature around me.

Self-Care Inventory

Self-care is any technique that enhances your well-being and replenishes your mind and body. For example, practicing daily gratitude, laughing with a loved one, and taking daily walks can boost your mood and improve overall well-being. A self-care routine is not one-size-fits-all but requires experimenting with different strategies to understand what works best for you.

This worksheet is designed to help you explore a variety of specific self-care activities that can improve your well-being. You will be asked to rank each activity on a scale from 1-3 to determine how well you are currently engaging in these practices. After ranking, you can “star” the activities you would like to do more often. The goal of this worksheet is to help you recognize the different types of self-care available to you, identify what you are doing well, and pinpoint areas where you can improve to feel better overall.

Ranking

- 1 I rarely engage in this, and it is not a regular part of my routine.
- 2 I occasionally engage in this, but it is not consistent.
- 3 I regularly engage in this, and it is a frequent part of my routine.
- ★ I want to do this more frequently.

DBT PLEASE Skill

The PLEASE skill in dialectal behavior therapy (DBT) is a simple acronym that helps you remember the basics of mental and physical well-being. This worksheet will guide you through applying the PLEASE skill to manage intense emotions that get in the way of feeling good.

PL →

Treat Physical Illness

Make sure to look after your overall physical health by having regular check-ups, staying active, and following any medical advice. Taking care of your body helps keep your mind stable and healthy.

E →

Balanced Eating

Try to eat regular, healthy meals. Good nutrition can help keep your mood steady and give you the energy you need, making you less likely to feel upset or stressed.

A →

Avoid Mood-Altering Substances

Stay away from substances like alcohol and drugs that can affect your mood and thinking. Avoiding these helps you think clearly and manage your emotions better, which is important for your mental health.

S →

Balanced Sleep

Getting enough sleep is very important for handling your emotions well. Try to keep a regular sleep schedule. Good sleep helps your mind work properly and keeps your emotions steady, reducing the chances of feeling moody or upset.

E →

Exercise Daily

Exercise can lift your mood, reduce stress, and improve your overall emotional well-being. It also helps your body produce endorphins, which make you feel happier.

BALANCED SLEEP: Getting enough sleep is important to your mental health.

You should strive for 7 to 9 hours of sleep per night and establish good sleep habits to help regulate your mood.

With a sleep diary, you can log your bedtime, night awakenings, and morning wake-up times. This helps you see your sleep patterns and overall sleep duration, as well as how often your sleep is disrupted. Additionally, a sleep diary helps you track activities affecting your sleep. You'll note when you exercise, nap, take medication, or consume caffeine or alcohol.

INSTRUCTIONS: (1) Write the date and type of day: Work, School, or Day Off. (2) Put the letter "C" in the box when you have coffee, cola or tea. Put "M" when you take any medicine. Put "A" when you drink alcohol. Put "E" when you exercise. (3) Put a "B" in the box to show when you go to bed. Put a "Z" in the box that shows when you think you fell asleep. (4) Put a "Z" in all the boxes that show when you are asleep at night or when you take a nap during the day. (5) Leave boxes empty to show when you wake up at night and when you are awake during the day. **SAMPLE ENTRY BELOW:**
