

Cognitive Restructuring

Cognitive restructuring is a CBT tool that helps you identify and challenge negative or unhelpful thoughts. By examining these thoughts more closely, you can replace them with more constructive and realistic ones. During a midlife crisis, cognitive restructuring can help you break down mental barriers and rethink the limiting beliefs that may be preventing you from moving forward.

NEGATIVE THOUGHTS

What you think

Example: I'm too old, and my best years are behind me. I'll never get ahead now.

NEGATIVE BEHAVIOR What you do

You hear a younger colleague is being promoted ahead of you.

Example: You start avoiding taking on new projects at work and put less effort into your tasks because you feel it won't make a difference.

NEGATIVE EMOTIONS

What you feel

Example: Frustrated, selfdoubt, and sad

Here is an example of how a negative thought causes negative emotions and behaviors. Using cognitive restructuring to change the thoughts can change the emotions and behaviors.

POSITIVE THOUGHTS

What you think

Example: I have valuable experience and skills, and I can still grow in my career.

POSITIVE BEHAVIOR

What you do

Triggering **Event** You hear a

younger colleague is being promoted ahead of you.

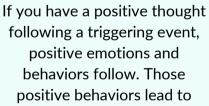

EMOTIONS
What you feel

POSITIVE

Example: I seek out opportunities for professional development and take on challenging projects to demonstrate your capabilities and stay engaged in your work.

Example: I feel hopeful, confident and motivated.

more positive thoughts, and the positive cycle continues.

Cognitive Restructuring Cognitive Restructuring

THOUGHT

What you think in a situation Ex: I'm the worst friend

EMOTION

How you feel Ex: I feel sad and hopeless

BEHAVIOR

How you handle the situation Ex: Isolate and withdraw

It's important to understand that our automatic thoughts affect our feelings and influence our behavior.

You can recognize unhealthy thought patterns that are making your depression symptoms worse by practicing cognitive restructuring. Use the questions below each time you're experiencing unwanted thoughts that lead to unhealthy behaviors.

Thought:	
Is my thought factual?	
What evidence do I have to support my thought?	
What would someone else say about the situation?	
Is it possible to view this situation differently?	

Additional Resources to Support Your Mental Health Journey

It can be hard to know where to begin looking for support in your mental health journey. Getting a referral from a primary care physician is a reliable first step. Also, sometimes family and friends have experienced similar issues and have professionals they would recommend. The experts at ChoosingTherapy.com are here to help as well, with resources we have reviewed and recommend. Our <u>strict editorial standards</u> ensure our reviews are fair, honest, thorough, and based on firsthand experience.
